Subject: Request for Tribes input on slag pit sump closure plan..

Kate/Jan – this is a copy of the email I sent to the Tribes regarding input on the sps closure plan. In addition I left follow-up voice mail with Kelly on:

8/28/14 at 9:15 am
9/2/14 at 10:00 am
9/3/14 at 10:30 am
9/5/14 at 9:20 am

I did not receive a reply phone call or email response.

Subject: Your review/comments on FMC proposed modifications to the slag pit sump closure plan

Kelly - In follow-up to the voice mail I left today, on August 7, 2014 EPA received a request to modify the slag pit sump post closure plan. The changes to the plan are very limited and are necessary in order to implement the CERCLA interim ROD. EPA intends to approve this

request in the next couple of days but I would like to know if you have any concerns with FMC's proposed changes. Please either give me a call or email by the end of the week if you have concerns so we can address any issues. Thanks in advance for your assistance.
